---

## Summary

I am a Mechatronics Engineering student with hands-on experience in SCADA systems, CNC machinery, and machine learning through the Digital Egypt Pioneers Initiative. I am dedicated to applying my knowledge to real-world challenges.

---

## Experience

### Digital Egypt Pioneers Initiative - DEPI

Intern

04/2024 - 09/2024

Machine Learning and & Trainee

### Mit Ghamr Water Station

Intern

07/2024 - 08/2024

Specialized in SCADA systems, focusing on real-time monitoring and control of water treatment processes.

### Arab Contractors Company

Intern

06/2023 - 08/2023

Gained hands-on experience in the design, installation, and maintenance of electromechanical systems. Assisted in troubleshooting and optimizing system performance

### Mansoura University - Digital Training Center (DTC)

Course

02/2023 - 03/2023

Intro to Machine Learning & AI

---

## Skills

Azure, Python, Html5, Project management, Communication skills, Leadership, Time management, English

---

## Education

### Mechatronics Engineering

Mansoura University

06/2025

---

## Languages

English, Arabic
